Serving the Community since 1952

Sir / Madam

I would like to introduce Tod Scotman and Wendy Sheely from First National Real Estate Mudgeeraba.

Tod and Wendy are long term residents of Mudgeeraba and have extensive involvement in local community activities.

They have volunteered their local knowledge to prepare a list of local businesses that would be prepared to assist Mudgeeraba Rural Fire Brigade in times of need. Remuneration will be available for services utilised.

We are inviting you to add your business to what we call The Incident Management Contact List.

This contact list will be used as a reference guide for a logistics team in the event of a major fire or incident local to the Mudgeeraba region or Gold Coast Wide.

If feasible with your business remuneration will generally be made by debit card. Over phone payments are beneficial. As you can imagine during these incidents staff are extremely busy and often multi-tasking so making a phone payment can save them time and ensure a swift payment to your company.

Businesses must be able to provide tax receipt for services.

If your business or individual skills would be of assistance during times of need and you would like to be included on the contact list please contact;

We thank you for your offer of assistance
